Critter Counting Conservation

An important part of conservation field work is keeping count of species numbers in the wild.

Count the different Critters

How many sharks are there?

How many octopuses do you see?

How many fish are swimming?

How many jellyfish are floating?

Can you count all the seahorses?

Create a colour Critter graph

Use your findings to fill in the Critter graph here.

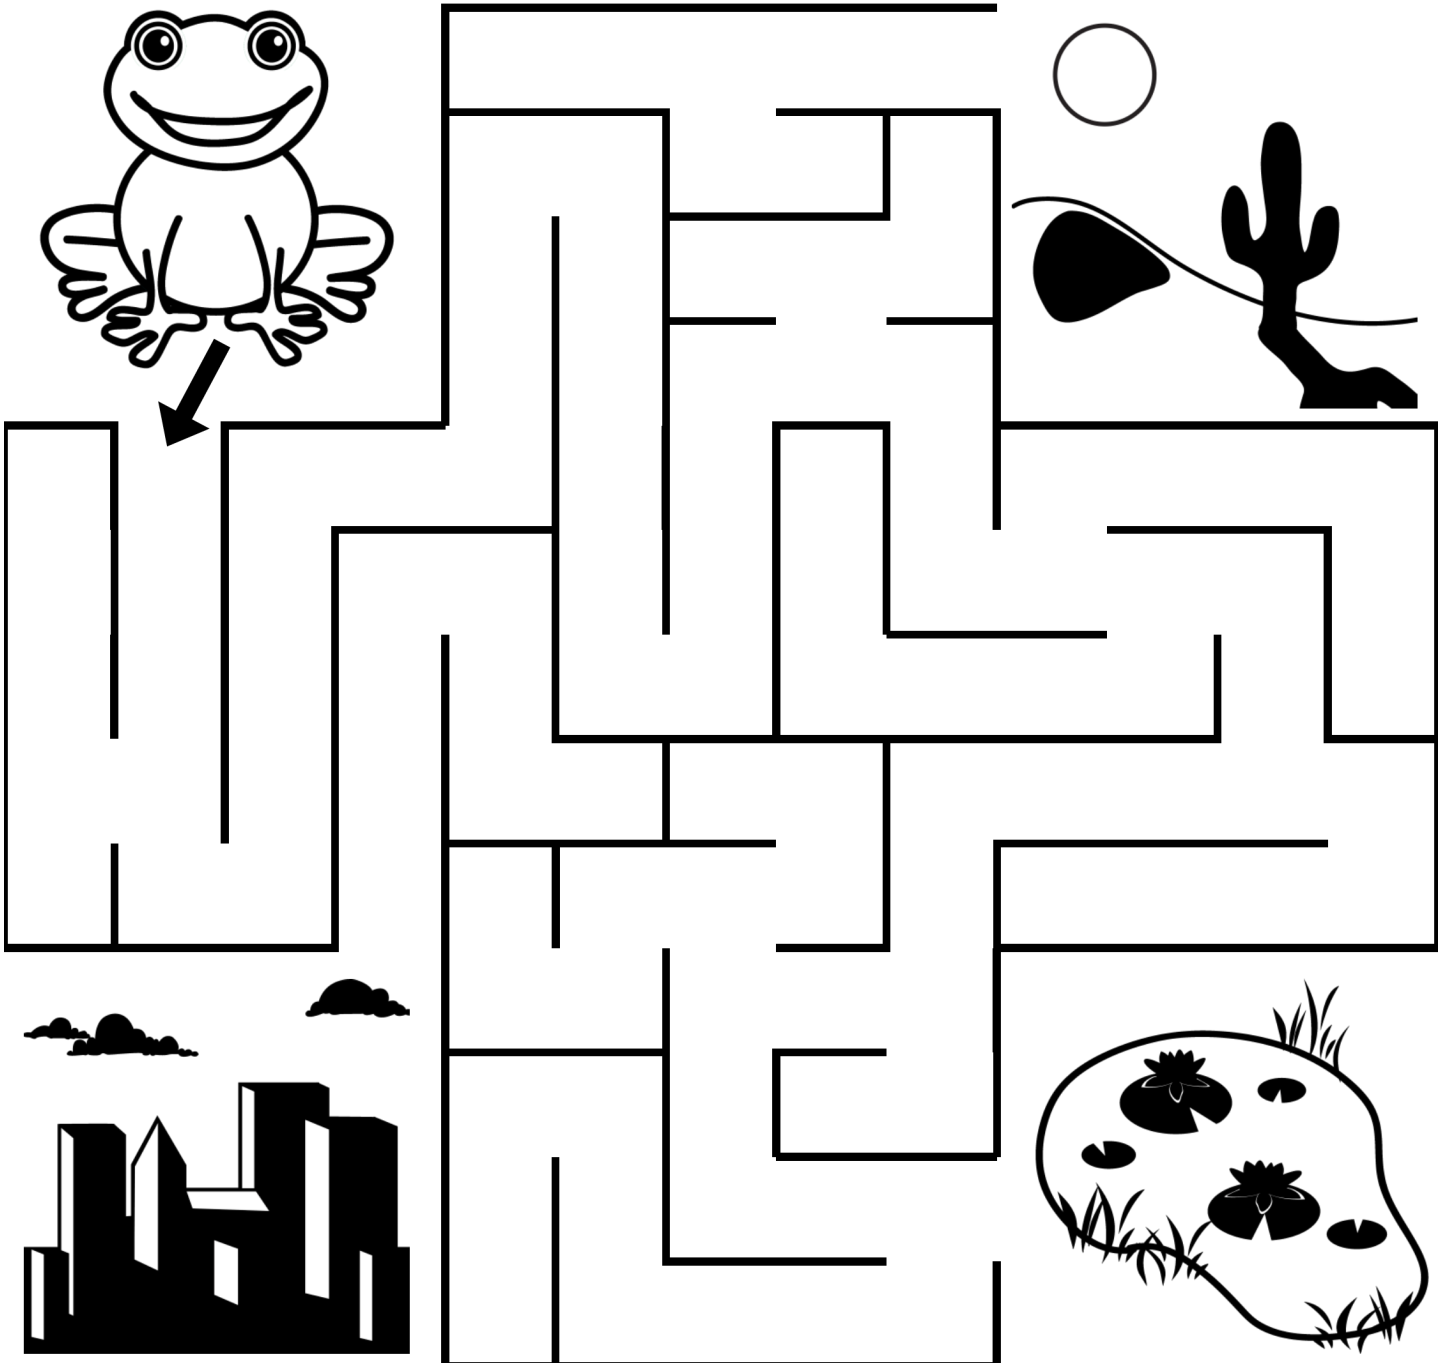

Simply colour in 1 square for each Critter you counted.

Choose a different colour for each Critter!

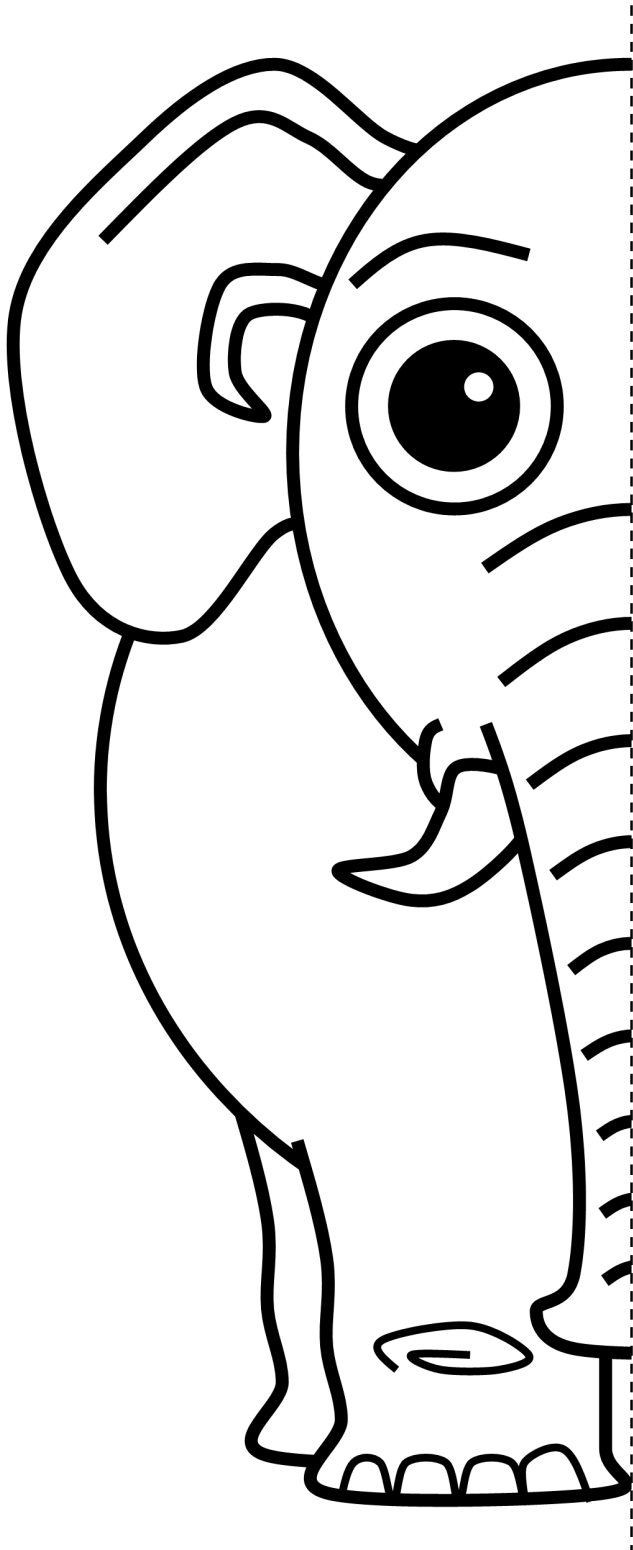

Safari Phil's FROG MAZE!

Solve the maze to find out the frog's natural habitat.

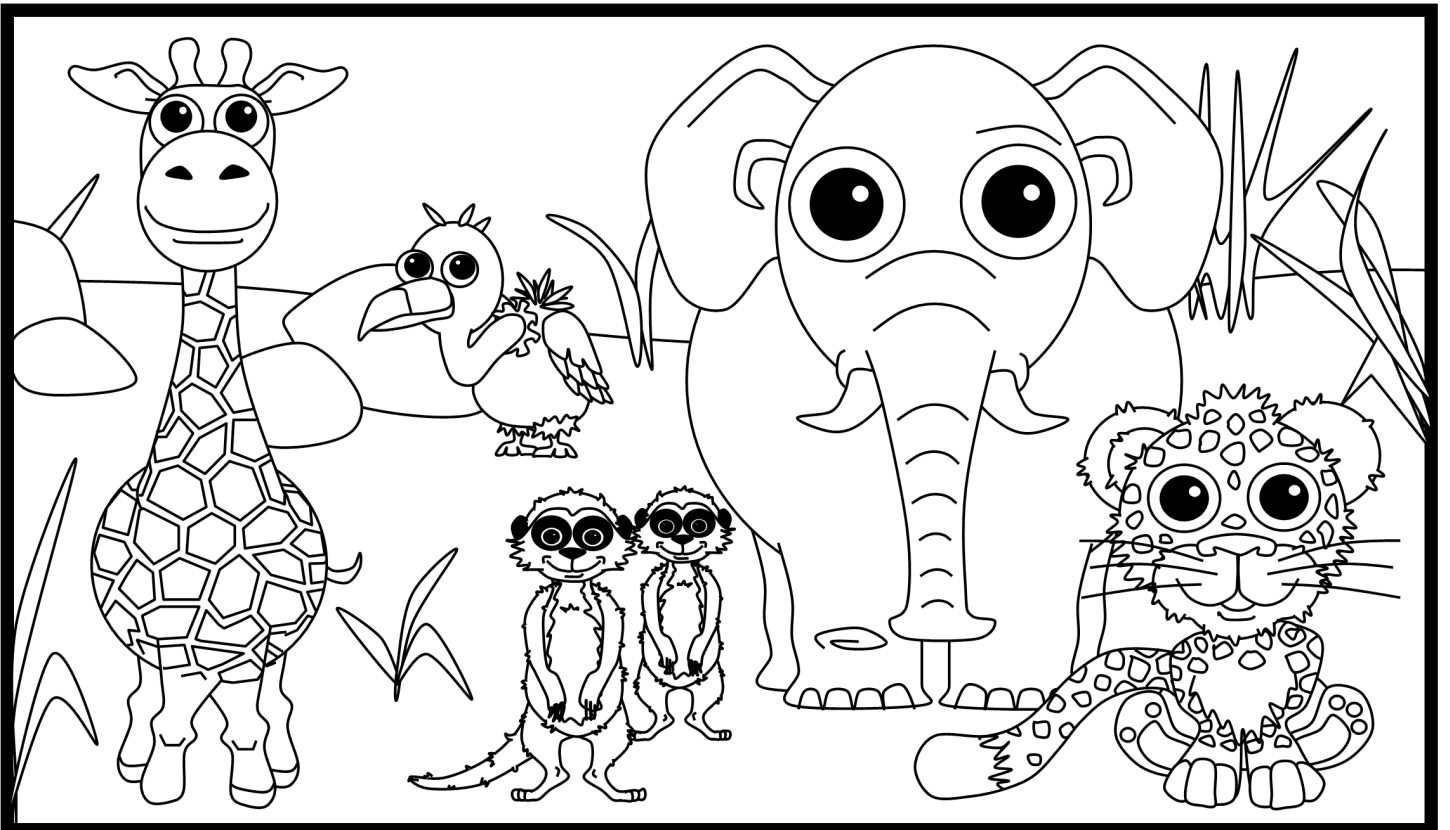

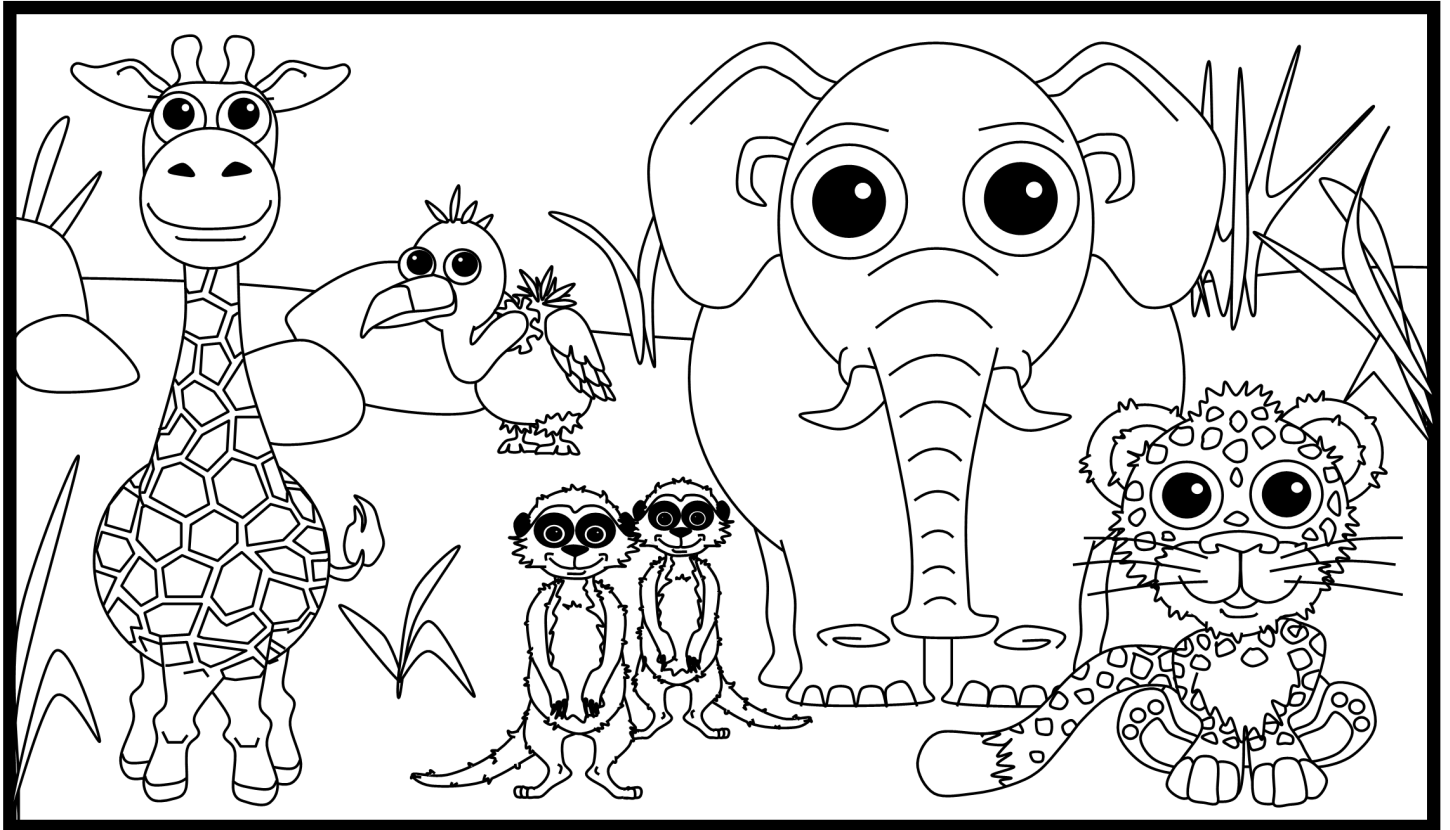

MIRROR MIRROR DRAWING DRAWING

Spot-The-Difference!

Can you find the 10 differences between the 2 pictures?

Word Jumble

Unscramble the letters to form the name of an animal

World's largest living primate.

A O R L G I L

Arachnid with claws and a stinging tail.

I S N O R C P O

This flightless bird lives in cold climates.
